Fill out the credit charge authorization on the Canine Partners form or include a separate check for \$19 payable to AKC).

INSPECTIONS

Each dog will be inspected during check-in by the inspection committee for lameness, fitness to compete, and females in season. All dogs to be inspected must be presented WITHOUT TAPE, BANDAGES, or WRAPPING/COVERINGS of any kind. (Coats, blankets, etc.) If, in the opinion of the inspection committee, any entry is found to be lame, unfit to compete or in season, they shall not be allowed to test, and the applicable entry fees shall be refunded.

ALL DOGS MUST BE INSPECTED BEFORE EACH RUN.

RUNNING YOUR DOG

It is recommended that dogs be handled with a “slip-lead” that gives instantaneous freedom to the dog when the Huntmaster calls the “Tallyho” (release) signal.

NOTE : The Host Club will have slip leads for you to borrow. Please ask.

Dogs may wear any collar except a choker collar, a collar with prongs or an electronic training collar. The collar should be snug to minimize the chances of getting hung up on something during the run. Owners should be aware that tags hanging from the collar could be required to be removed to help prevent them from being entangled on something during the run.

Owners may use clips or rubber bands to hold the dog’s hair. The owner assumes responsibility for the safety of the dog regarding the dog’s collar and paraphernalia on the dog.

Please be aware the HuntMaster has control of the course, they may ask you to remove any non-flat collars, restrictive collars or tags. They will also ask you to secure any handles for safety reasons.

Fast CAT – Summary Description

The Fast CAT Test is a timed 100-yard dash for dogs. It is meant to be a fun and healthy activity of interest to any dog owner. The following is a summary of how the event is structured.

How Does Fast CAT Work?

1. Fast CAT is a timed straight race of 100 yards.
2. Dogs run singularly.
3. The dog's time to complete the 100-yard dash is converted into MPHs.
4. A handicap system is applied to a dog's MPH to determine the number of points earned. The handicap system is based on the height of the dog at its withers:
 - **18" or greater = handicap is 1.0**
 - **12" up to less than 18" = handicap is 1.5**
 - **Below 12" = handicap is 2.0**
5. Points = MPH multiplied by the dog's handicap
6. Fast CAT titles suffix titles are earned at designated milestones:
 - **BCAT = 150 points**
 - **DCAT = 500 points**
 - **FCAT = 1,000 points**
 - **FCAT# = every additional 500 points**
7. Top 20 by Breed by Year: The AKC Fast CAT website will feature the Top 20

Fastest Dogs by Breed by Year national standings. The standings will be updated as event results are processed by AKC.

Eligibility to Participate

FastCAT is open to all dogs at least 12 months of age that are individually registered/listed with the AKC. This includes dogs recorded in the FSS program, dogs with PAL numbers or dogs enrolled in the AKC Canine Partners program. Females in season may not enter. A dog may enter only once per event. (An event number defines an event.)

An inspection committee shall inspect each entry for lameness, fitness to compete and females in season. If necessary, the inspection committee is responsible for measuring dogs to determine their height at the withers.

Safety

Safety is of utmost importance. It is the responsibility of the event committee to insure the safety of the course, the equipment and the conduct of those involved with the event. It is recommended that the event committee run a test dog prior to the start of the event to ensure that the equipment functions properly and all personnel understand their jobs. Prior to moving the lure to position it for the start, the lure operator shall announce, "hold your dogs" in order to caution owners.

The Start: Dogs may start up to 10 feet behind the starting line. Clubs must clearly mark the 10 feet start box on the ground. A dog may be released from anywhere within the start box, however, at a minimum, a dog's front paws must be inside the start box when it is released. Enough space must be provided behind the back of the start box to accommodate the dog's body to be aligned straight down the course.

The Finish: The club must provide enough room for a safe run-out area. It is suggested this be a minimum of 30 yards, however this is up to the decision of the club given the specifics of the setting. The club should consider fencing at the end of the course in order to help collect the dogs. **It is recommended that an owner or someone familiar with the dog stand at the finish to catch the dog once the course has been completed.**

Timing Devices: The time to complete the 100-yard dash is recorded to the nearest 1/100th of a second (e.g. 9.11). The club may use stopwatches or break-the-beam equipment to obtain the time. If stopwatches are used, there shall be two timers positioned at the finish line. An individual at the start line shall signal with an arm drop the moment the nose of the dog crosses the start line. The timers shall start their stopwatches at the bottom of the arm drop. The timers shall stop their watches when the nose of the dog crosses the finish line. The times from the two stopwatches shall be averaged to determine the recorded time.

Lure Equipment: Clubs may use either a drag or continuous loop system. If a continuous loop system is used the "return" string must be set outside of the running course. The lure operator and the lure equipment shall be safely positioned in a manner that does not interfere with the retrieval of the dog at the end of the course.

15. Lure: A white plastic bag or a squawker may be used for the lure.

16. Course/Fencing: The course must be essentially flat. The club should consider fencing the course area; however, this is up to the decision of the club given the specifics of the setting. The premium should state if the location of the event is enclosed with fencing.

The Huntmaster Has Control of the Course

In summary, the Huntmaster is in charge of all dogs and handlers on the field, shall ensure handlers understand safe release and retrieval procedures, shall ensure the lure is positioned correctly, shall

ensure the lure operator, timers and starting line signal person are ready, shall signal the lure operator to start the lure and shall give the verbal signal “tallyho” to release the dog.

Hosting Fast CAT Events/Entering

All AKC clubs licensed for Lure Coursing or the Coursing Ability Test will be automatically licensed for Fast CAT. All other AKC member or licensed clubs may apply to the Performance Events Department (PerformanceEvents@akc.org) to become licensed to hold Fast CAT provided they have the experience, equipment, and location to hold a safe event. Clubs will be limited to twelve Fast CAT events per calendar year. A club may not hold more than two Fast CAT events on the same day. A test must start and conclude on the same day.

A Fast CAT event can be either a stand-alone event or may be held in conjunction with other AKC events. In all cases the Fast CAT must be applied for as a separate event with its own event number.

Entries: All participants must fill out an entry form as provided in the event’s premium list. A club may accept entries prior to the event and/or a club may accept day-of-event entries. The specifics of how entries will be accepted must be explained in the premium. A club may limit the number of entries it will accept in a Fast CAT event. Additional “stand-by” entries above the limit may be taken at the discretion of the event committee, and these dogs will be allowed to run if time permits. Owners of stand-by dogs must be informed that they are on the stand-by list and may choose not to participate.

Complete regulations governing Fast CAT can be found on AKC Fast Cat website.

<https://images.akc.org/pdf/rulebooks/AKC1812-REFCAT.pdf>

*****NOTICE TO ALL EXHIBITORS*****

FACILITIES

To ensure the comfort of you and your dogs, feel free to bring your own portable shade, shelter, and water.

Portable restrooms will be made available.

There will be a food truck onsite. Feel free to bring your own food and drinks.

A testing dog should have a reliable recall for the dog's safety and as a courtesy to other entrants. A penalty of \$10.00 may be assessed for any dog causing an excessive delay of the event because it cannot be recalled or retrieved from the field. Dogs that delay the event because their owners cannot recall them may be refused entry at future events.

The Huntmaster is responsible for field safety, and therefore, they are in complete charge of all dogs and handlers on the field. In service to this responsibility, The huntmaster has the authority to stop the lure in any potentially dangerous situation and signal the handler to retrieve a testing dog. Please listen to the Huntmaster and follow all instructions promptly and swiftly.

Any decisions made by the event's officiating judge(s) regarding the performance of an entered dog shall be final. Full discretionary power is given to the judge(s) to withhold any and all qualifications for lack of merit. The Judge(s) is responsible for ensuring compliance with the AKC Regulations on the field.

Exhibitors should follow their veterinarian's recommendation to ensure their dogs are free of internal and external parasites and any communicable diseases and have appropriate vaccinations.

Coursing is an athletic activity that can tax a dog's physical strength. Dogs that are overweight and/or out of condition may be at greater risk for injury and

exhaustion. The Inspection Committee has the authority to disallow a dog's entry into a test, and in such instances, applicable entry fees will be refunded.

FOR THE SAFETY OF EXHIBITORS AND DOGS:

**PLEASE HAVE A RELEASER AND CATCHER IN PLACE BEFORE RUNNING THE DOG.
THERE WILL BE NO RECALL FROM THE STARTING LINE.**

**THE COURSE AREA IS FULLY FENCED.
AS A REMINDER - PLEASE PICKUP AFTER YOUR DOG.**

Canine Partners Enrollment Instructions for Clubs

Coursing Ability Test

Who should enroll in Canine Partners?

Dogs who wish to compete in the Coursing Ability Test must be either an AKC-registered dog or a part of the AKC Canine Partners program. Canine Partners is for mixed breeds or dogs who are otherwise ineligible for AKC registration.

Owners who enroll their dogs using the Coursing Ability Enrollment Form will receive the following Canine Partners benefits for their \$19.00 enrollment fee:

- Eligibility to participate in Agility, AKC Rally® and Obedience Events
- One year subscription to AKC Family Dog magazine
- Complimentary 60-day Trial AKC Pet Healthcare Plan *
- AKC Canine PartnersSM Program Official Certificate
- AKC Canine Partners decal

How should clubs enroll these dogs in Canine Partners?

1. Have the dog owners complete the Canine Partners Enrollment Application.
2. Collect payment. (*Payment for Canine Partners enrollment must be separate from event fees.*)
3. Assign the dog a Canine Partner's Enrollment Application Number (E1, E2, etc.) in box located in the upper right hand corner of the application. This number will be used to coordinate the results with the enrollment forms.
4. Have the Judge and Event Secretary complete the Coursing Ability Test Results for each dog indicating the Canine Partner's Enrollment Application Number in the space provided for the registration/listing number.
5. Submit the enrollment forms and separate payment(s) along with the Event Secretary's Report and results.

* Activation required. Administered by PetPartners, Inc. Underwritten by Markel Insurance Company, 4600 Cox Road, Glen Allen, VA 23060, rated A "Excellent" by A.M. Best Company. Contact Pet Partners, Inc. for terms and conditions. Eligibility restrictions apply. Available to US residents. Not available in New York. Must be activated within 28 days of AKC Certificate Issued date. Visit www.akcphp.com/trial or call toll free at 1-866-725-2747.
